

What is the best plan we recommend to secure high profitability?

The best investment opportunity to utilize unused land

It is very important to have investors or developers understand the superiority and efficiency of investment on mechanical parking system to utilize their fund or unused land. It is good for long-term investment as well as short-term investment.

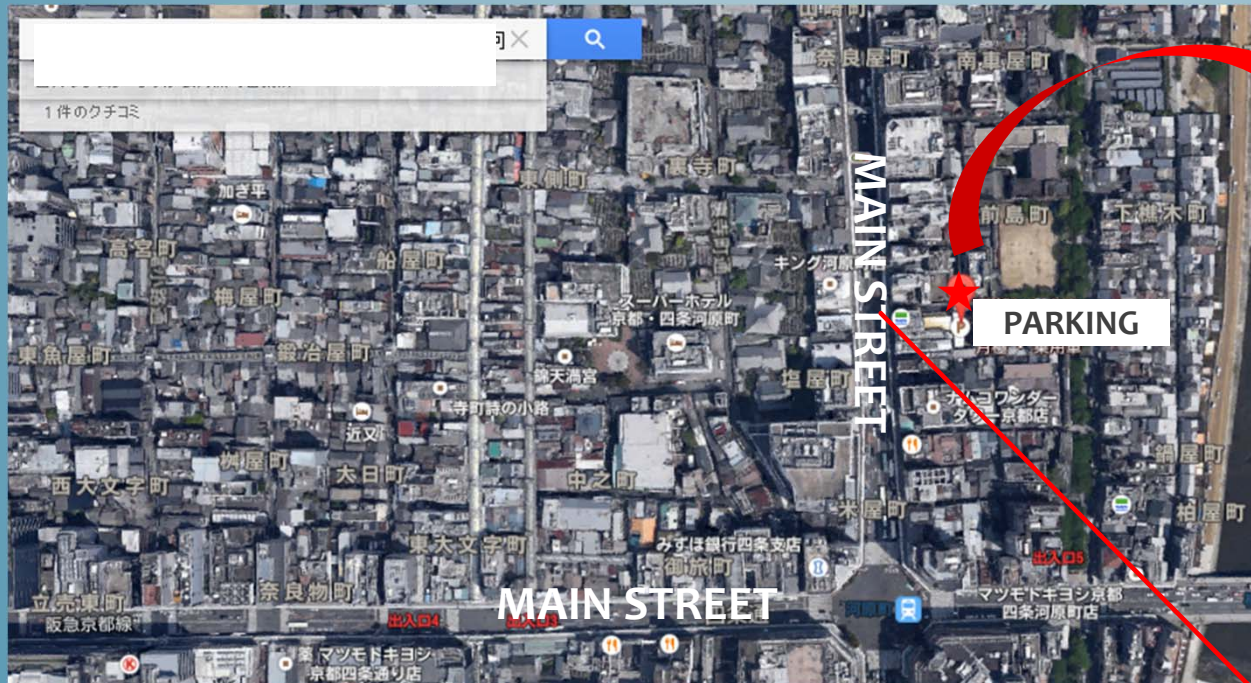

Unused land

The front area facing a busy street is quite high;
however, back yard area of front buildings may not be so high

Another important factor is that we need only small area of 314sqm

Parking in the alley a block away from main street (Kyoto, JAPAN)

Parking in the alley
UTILIZATION 33%

To alley from main street
